AIR FREIGHT

Offering door-to-door service, be it, a one off Air Freight shipment or several a week, we are able to accommodate all your requirements. With our long-term partnerships with best in-class carriers, we provide quality options by route that best fit your specific needs and preferences.

Every possible operational requirement is met. From direct shipments, consolidations and charters, through to sea, air and courier, we provide the capability to meet your most time critical needs. Let our experienced Air Freight team handle all your requirements.

With almost 16 collective years of experience our Airfreight Team we guarantee that you will receive the very best service.

SEA FREIGHT

WLL regular, scheduled sailings on the world's significant trade routes using several major carriers, we provide best possible options & flexibility on scheduling. Whether your requirements are consolidation, full container, out of gauge and temperature controlled services, we can match your needs globally.

The entire road freight cycle is controlled and tracked from origin to destination, and full system integration affords total visibility and control to you. Capacity and value are assured through our long-term operational experience and partnerships with quality ocean carriers.

ROAD FREIGHT

WLL understands and believes that road transport plays key role in timely deliveries of big or small loads. Therefore, WLL, with its outsourced transport contracts, manages its loads distribution nationwide with great ease in this segment.

CUSTOM BROKERAGE

WLL evolved with the efforts of WORLDTRANS LOGISTICS, which is now the custom brokerage arm of WLL, operating from major ports of the country. It facilitates customs consulting besides handling customs brokerage services.

PROJECT MANAGEMENT

Effectively managing Project Logistics has never been more critical. Consultation, Planning, Expenditures, Deliverance and finally fine tuning the entire Logistics for the Project, we know is important to you and your company. That is how we play a vital role in executing time bound projects to our clients.

CROSS TRADE SHIPMENTS

Sourcing products in an overseas country and selling it in a third country together with fusion of modern technological advances has raised the levels of trading and transactions much easier for today's global entrepreneurs.

However, the documentation for such trading is complex and unavoidable, which is where WLL makes THIRD COUNTRY EXPORTS Logistics simple with its global reach and solutions.

VALUE ADDED SERVICES

WLL on its quest to achieve maximum customer satisfaction in shipping commodities, has started VALUE ADDED SERVICES to its customers which comprise of Material Packaging, Warehousing, Palletising, Pre & Post Shipment Document Consultation, obtaining Import Permit, COO, GSP & Fumigation Certificates.

BUYERS' CONSOLIDATION

Yet another segment in logistics arena has been well nurtured at WLL. Our experienced team have expertise in handling such consolidation with effective planning, generating SOPs with our overseas partners for smooth handling and finally updating Daily Status Reports for a perfect execution.
